1. Eligibility

- a. The following organisations and agencies shall be eligible under this initiative:
 - i. Central Government and State Governments departments and organisations
 - ii. Offices and agencies of the Department of Commerce, including regional offices
 - iii. Ministry of External Affairs and Indian Missions Abroad
 - iv. Export Promotion Councils and Commodity Boards recognised under Appendix 2T of the FTP
 - v. Other Industry Associations
- b. Only entities incorporated in India under applicable Indian law shall be eligible for assistance.
- c. Proposals may also be submitted by export clusters, district export hubs, or sectoral associations, subject to nomination of a lead implementing entity responsible for project execution and compliance.

2. Institutional Framework

The initiative shall adopt a **two-tier branding framework** to ensure a coordinated national narrative while enabling sector-specific promotion of Indian goods and services in international markets.

Tier 1: Brand India – A Unified Framework for Indian Exporters

- a. Presently, different Brand India identities are being developed by multiple organisations and departments. There is a need to bring convergence to their efforts and transition from a fragmented sectoral promotion to a unified "Brand India" identity, providing global visibility to Indian brands.

- b. Accordingly, **the Unified Brand India Framework will be developed by the Brand India Committee under the initiative (Annexure-III)** to establish an anchor brand guiding various sub-brands, allowing for both unity and diversity with a **consistent global narrative and visual identity** for the promotion of Indian goods and services.
- c. The Unified Brand India Framework may include development of the following components:
- i. **Brand Narrative & Positioning:** Formulation of a single global Brand India story rooted in India's strengths of innovation, heritage, sustainability and craftsmanship, and development of a global positioning strategy.
 - ii. **Visual Identity & Architecture:** Development of a national logo system, brand usage guidelines, typography and colour palette governing all sub-brands, along with evaluation criteria and branding architecture.
 - iii. **Storytelling Themes:** Identification and curation of global storytelling themes, heritage, innovation, sustainability and manufacturing excellence, to anchor cross-sector campaigns.
 - iv. **Cross-Sector Global Campaigns:** Implementation of multimedia, digital, influencer and country-specific promotional campaigns under one Unified Brand India umbrella.
 - v. **Digital Brand Assets:** Creation of centralised toolkits, content libraries and microsites for use by exporters, industry bodies, EPCs and Indian Missions abroad.
 - vi. **Pilot in Mixed Markets:** Launch of Unified Brand India in a mix of established, underserved and new markets to learn fast and refine the framework before broader scale-up.
 - vii. **Cross-Sector Coupling:** Strategic coupling of Tourism with Handicrafts, GIs and Gems & Jewellery to generate pull-through demand from cultural visitors in international markets.
 - viii. **Voluntary Participation:** The participation in the framework will be voluntary in nature; there will be provisions in place for audit and re-certification to lock in quality at source and maintain the credibility of the Unified Brand India identity.
- d. **Trust Mark**

- i. The **Unified Brand India umbrella shall be anchored by a Trust Mark**. It will be a **multi-tier, audit-led certification mechanism** that shall serve as the **credibility marker**, distinguishing Unified Brand India in international markets. The Trust Mark shall be a **verifiable, quality-linked mark** that exporters must earn before carrying the Unified Brand India identity, and shall **signal consistent quality, origin and traceability** for Indian products and services to global consumers and buyers.
- ii. The Trust Mark shall be structured across **three or more tiers**, each designed to accommodate exporters at different stages of international readiness.
- iii. The Trust Mark shall operate on the basis of fee-based certification, subject to periodic audit and re-certification. A defined progression pathway from a lower tier to a higher tier shall be established to drive continuous improvement in quality, compliance and brand standards among participating exporters.
- iv. Trust Mark fees shall be waived for an initial period of two years, with the provision for extension, to provide a first-mover advantage and encourage participation of MSMEs and emerging exporters. Adoption of the Trust Mark shall be voluntary, and a gradual adoption-based approach shall be pursued to increase uptake across the exporter community.
- v. A firm-level self-regulation framework shall be developed as the backbone of the Trust Mark system, with audit and re-certification requirements locking in quality standards at source and maintaining the global credibility of the Unified Brand India identity.
- vi. The branding framework shall be designed to instil trust and confidence among global consumers, while positioning Indian products and services as aspirational and globally competitive.

Tier 2: Sectoral Branding

- a. **Sector-specific branding and promotional campaigns** may be undertaken to highlight the strengths of individual sectors and product categories within the **Unified Brand India framework**.
