

# CONSULTATION PAPER ON COMPREHENSIVE REVIEW OF SEBI (MUTUAL FUNDS) REGULATIONS, 1996

#### 1. Objective

1.1. The objective of this consultation paper is to seek public comments/ suggestions on the proposed amendments to the SEBI (Mutual Funds) Regulations, 1996 ("MF Regulations") carried out pursuant to a comprehensive review.

#### 2. Background

- 2.1. ¹The Mutual Fund industry in India started in 1963 with formation of UTI in 1963 by an Act of Parliament and functioned under the Regulatory and administrative control of the Reserve Bank of India (RBI). Unit Scheme 1964 (US '64) was the first scheme launched by UTI. At the end of 1988, UTI had ₹6,700 crores of Assets under Management (AUM).
- 2.2.¹After establishment of SEBI in April 1992, the first set of SEBI Mutual Fund Regulations came into being for all mutual funds, except UTI in 1993. The initial SEBI MF Regulations were revised and replaced in 1996 with a comprehensive set of regulations, viz., SEBI (Mutual Fund) Regulations, 1996 which is currently applicable.
- 2.3. Over the past 29 years, the mutual fund industry has witnessed significant growth and transformation in terms of practices as well as in adoption of technology in the investment management space. Presently the AUM of the Mutual Fund industry has reached ₹75.61 lac crore as on September 30, 2025 and total number of accounts or folios as on September 30, 2025 stood at 25.19 crore. As such, the MF Regulations has been regularly amended to keep pace with the evolving market dynamics and to protect the investor interests.
- 2.4. Numerous amendments over the last 29 years have contributed to the MF Regulations becoming considerably voluminous and complex. Hence, SEBI has undertaken an exercise to comprehensively review the MF regulations.

<sup>&</sup>lt;sup>1</sup> https://www.amfiindia.com/investor/knowledge-center-info?zoneName=HistoryOfMutualFundsInIndia

- 2.5. A survey was carried out among the industry stakeholders through Association of Mutual Funds in India (AMFI) to gather suggestions on the areas of the MF Regulations that may require review.
- 2.6. Pursuant to the feedback received from the industry and after internal deliberations, the MF Regulations have been comprehensively reviewed and redrafted to ensure
  - 2.6.1. simplification of regulatory language;
  - 2.6.2. removal of redundant provisions;
  - 2.6.3. enhancement of ease of understanding and;
  - 2.6.4. removal of ambiguities, if any.
- 2.7. While a comprehensive review of the MF Regulations has been initiated, two specific consultations, mentioned below, had been initiated earlier
  - 2.7.1. Consultation Paper on Review of Regulatory Framework on Permissible Business Activities for Asset Management Companies (AMCs) under Regulation 24 of the SEBI (Mutual Funds) Regulations, 1996 (link) and;
  - 2.7.2. Consultation Paper on Review of Total Expense Ratio charged by Asset Management Companies (AMCs) to unitholders of schemes of Mutual Funds to facilitate greater transparency and accrual of benefits of economies of scale to investors (link).
- 2.8. After examining the feedback received during the consultation of the proposals mentioned at para 2.7 above, and based on deliberations both externally and internally, some of the proposals have been reviewed and appropriately incorporated in the proposed draft MF Regulations. The same has been enumerated in the proposals mentioned in this paper.
- 2.9. The proposed draft MF Regulations incorporates several requests received from the mutual fund industry to promote ease of compliance and to bring regulatory clarity.

2.10. This consultation paper seeks public comments on the draft MF Regulations (Annexure B).

### 3. Proposals

### 3.1. Broad Changes Proposed:

Some of the broad changes proposed in the draft MF Regulations are provided below –

# 3.1.1. For simplification and clarity:

Sr. No	Particulars	Proposed Change
1.	Eligibility Criteria for	The eligibility criteria for sponsors, for
	registration of a Mutual	registration of MF as well as MF Lite, has
	Fund (Reg. 7 & 81)	been tabulated for easy reference.
2.	Rights and obligations	For ease of reference and simplification,
	of the trustees and	the roles and responsibilities of both board
	asset management	of trustees and board of Asset
	companies as	Management Companies (AMCs) has been
	specified under	standardised and categorized under
	Regulations 16, 25,	different heads.
	85 and 87 of the MF	
	Regulations	
3.	Regulation 56	The regulation has been revised to enable
	pertaining to providing	AMCs to send both Annual Report and the
	copies of Annual	abridged summary thereof, to investors in
	report and summary	digital format.
	thereof to investors	
4.	Prudential investment	Presently, restrictions on investments (i.e.
	limits (Seventh	prudential limits) have been specified in
	Schedule)	both the MF Regulation and the Master
		Circular for Mutual Funds.
		For ease of reference the investments
		restrictions have been tabulated and

Sr. No	Particulars	Proposed Change
		provided in a single table which shall form
		part of the Master Circular for Mutual
		Funds.
		Further, the Schedule on Restrictions on
		Investments has been simplified to provide
		broad principles.
5.	Detailed Valuation	Valuation guidelines have been specified in
	Guidelines (Reg. 47 &	both the MF Regulations and Master
	Eighth Schedule)	Circular for Mutual Funds.
		For ease of reference, all valuation related
		guidelines have been placed in the Master
		Circular for Mutual Funds.
		Accordingly, the broad principles for
		valuation has been retained in the
		Schedule to Mutual Funds Regulations.

# 3.1.2. For transparency and investor protection:

Sr. No	Particulars	Proposed Change
1	Regulation 52(6A)(c)	Prior to 2012, exit load charged to the
	enables mutual fund	scheme was used by AMCs for payment of
	schemes to charge	distribution commission to the distributors
	additional 5 bps on the	and other marketing /selling expenses. In
	whole AUM of the	2012, Mutual funds were mandated to
	scheme for schemes	credit exit load to the scheme and AMCs
	where exit load is	were allowed to charge additional 20 bps
	applicable/levied.	as additional expense to the scheme. The
		said additional charge, was reduced from
		20 bps to 5 bps in 2018.
		The provision for additional expense of 5
		bps allowed to the AMCs to charge the

Sr. No	Particulars	Proposed Change
		mutual fund schemes, was transitory in
		nature.
		Therefore, with an objective to rationalize
		cost for unitholder, this expense charged to
		the scheme has been removed from the
		draft MF Regulations.
		However, in order to reduce the impact of
		the proposed change on the operations of
		AMCs, first two slabs of the expense ratio
		of open ended active schemes have been
		revised upward by 5 bps (For revised slabs
		for expense ratio refer Regulation 65 of the
		proposed draft MF Regulations).
2	Revised expense ratio	With a view to facilitate greater clarity and
	slabs with statutory	transparency, it is proposed to exclude all
	levy over and above	statutory levy i.e. STT, GST, CTT, Stamp
	the expense ratio limit.	duty from the expense ratio limits along
	(Reg. 52)	with the present permissible expenses for
		brokerage, exchange and regulatory fees.
		Presently GST on management fees is
		permitted over and above the TER limit.
		However, all other statutory charges are
		part of the overall TER limit specified for
		mutual fund schemes.
		The expense ratio limits are proposed to be
		exclusive of statutory levy, so that any
		change in statutory levy in future are
		passed on to the investors.

Sr. No	Particulars	Proposed Change
		Hence, the expense ratio limits are revised
		downward to the extent of GST on all
		expenses other than management fees.
		(For revised slabs for expense ratio refer
		Regulation 65 of the proposed draft MF
		Regulations)
3	Brokerage and	The present MF regulations permit AMCs
	Transaction charges	to charge brokerage and transaction costs
	over and above the	incurred for the purpose of execution of
	TER limit (Reg. 52)	trade up to 0.12 per cent of trade value in
		case of cash market transactions and 0.05
		per cent of trade value in case of
		derivatives transactions.
		Based on analysis of data it has been
		observed that the brokerage paid by AMCs
		for <b>arbitrage fund</b> is generally lower than
		the brokerage paid by AMCs for other than
		arbitrage funds. For example, the
		brokerage for arbitrage fund was in the
		range of 1.18 bps to 1.34 bps during the
		period April 01, 2023 to March 31, 2024
		whereas during the same period the
		brokerage for other equity schemes was in
		the range of 5 bps to 12 bps.
		The high brokerage charges can be
		attributed to services other than execution
		which may include research. As research is
		inherent to investment management and
		advisory a separate limit for the same may
		not be appropriate. Due to such bundled
		service arrangements, the investors may

Sr. No	Particulars		Proposed Change
			often end up paying twice for the research
			i.e., one which is charged as part of
			investment management and advisory fees
			(which is charged by AMCs primarily for
			their expertise/research and management
			of funds) and another which is covered
			under brokerage and transaction cost.
			Thus, to protect interest of investor and to ensure that expenses are charged fairly
			only once to the investors, the brokerage
			charge has been revised from 12 bps to 2
			bps for cash market transactions and 5 bps
			to 1 bps for derivative transactions to bring
			clarity and transparency.
			The limit mentioned above (i.e. 2 bps/1 bps) shall be the limit for brokerage. All other costs relating to execution of transaction may be charged on actual basis.
			Further, all statutory levies are proposed to
			be outside the expense ratio limits. i.e.
			STT/CTT/GST/stamp duty incurred for
			execution of trades can be over and above
			the limit of 2/1 bps.
4	Disclosure of	Total	Clarity has been provided on 'Total
	Expense Ratio	(new	Expense Ratio' which shall clearly include
	Regulation)		expense ratio (as per the limits specified)
			plus brokerage, exchange and regulatory
			fee and statutory levy.

Sr. No	Particulars	Proposed Change
5r. No	Differential expense ratio (new Regulation)	Further, to enhance transparency, disclosure requirement of Total Expense Ratio with all relevant heads has also been mandated in the revised MF Regulations.  A provision enabling expense ratio to be charged based on performance of a scheme has been introduced and same shall be voluntary for AMCs. A detailed framework in this regard shall be finalised
		separately in consultation with stakeholders.
6	Regulation 52(2) read with Regulation 52(4) and 52(4A) of MF Regulations specifies that all expenses other than those specified under the above referred regulations are to be borne by the AMC or Trustees or Sponsors.	In line with the existing practice, it has been clarified in the proposed draft Regulations that all the expenditures pertaining to launch of new fund offer till the date of allotment of mutual fund units to investors, shall be borne by the AMC or Trustees or Sponsor.
7.	Regulation 24(b) on Restriction of business activities of AMC	The thrust of the extant regulatory provisions is to ensure fair and non-discriminatory treatment to pooled Mutual Fund investors, who are generally small retail investors, by the fund manager vis-à-vis large investors who may be structured as non-broad based funds.  However, with the advent of robust best

Sr. No	Particulars	Proposed Change
		practices in MF industry and also to
		leverage upon such practices and expertise
		of fund manager, certain relaxations to
		ease out structural challenges have been
		detailed in the following paragraphs.
		While the feedback received for the proposals in the consultation paper mentioned at para 2.7.1 are being analysed and being discussed with concerned stakeholders, as part of the comprehensive review of the MF Regulations, another option with respect to restriction on providing services to non-broad based funds is being proposed as under:
		The guardrails proposed in the consultation paper as mentioned at para 2.7.1, relating to fees and diversion of resources for providing services to nonbroad based funds, may be reviewed subject to enhanced oversight by the Trustees and Unit Holder Protection Committee across all the services provided by the AMC.  • Trustees shall ensure that the conflict
		of interests specified in the consultation paper are addressed adequately through suitable oversight mechanism.

# 3.1.4. Major changes to the section on 'Definitions':

Sr. No	Particulars	Proposed Change
1	Certain new terms have been incorporated under the section on 'Definitions' in the proposed draft MF Regulations.	The terms "Exit Load", "Free Reserve" and "Total Expense Ratio (TER)" while referred, are not defined in the present MF Regulations.  As regards TER, to bring more transparency and clarity, the same has been defined to cover all the scheme expenses charged to investors.
2	Modifications of certain terms under the definition section of the MF Regulations	The definitions of the following terms have been modified in the proposed draft Regulations to provide better clarity:  i. Mutual Fund  ii. Liquid Net worth  iii. Offer document
3	Deletion of following terms from	1. Mutual funds are pass through

the definition section of the MF Regulations:

- ii. Money market mutual fund
- iii. Proviso to definition of 'Trustees'
- iv. Real Estate Mutual FundScheme
- vehicles and AMCs do not take responsibility to meet commitments towards capital protection, in the situation of loss of capital. Therefore, the provisions enabling launch of Capital Protection Oriented Schemes (CPOS) has been deleted from the Regulations. Accordingly, the definition of CPOS has been deleted.
- 2. The category of schemes a mutual fund can launch, along with the instruments in which these schemes can invest. which includes Money Market Mutual Fund, is laid down in the relevant provisions on Categorisation and Rationalisation of Mutual Fund Scheme in the Master Circular for Mutual Funds. Therefore. the same has been deleted from the definitions in the MF Regulations.
- 3. The proviso to definition of "trustees" was transitory in nature and hence deleted.
- A separate framework for launch of Real Estate Schemes is laid down by SEBI. Further,

no Real Estate Mutual Fund scheme has been launched since the framework under MF Regulations has been put in place. Therefore, the chapter on "Real Estate Mutual Fund Schemes" (chapter VI-A) and the definition of "real estate mutual fund scheme" has been deleted. 4 Streamlining definitions Presently, the following terms are of defined and/or explained at various appearing terms certain in different chapters of the extant provisions/chapters. ## 3.2.1. Consultation/ Proposal:

a) Whether there are any suggestions on the proposed draft MF Regulations?

- b) Whether there are any provisions that may require further clarification, consolidation, or cross-referencing?
- c) Whether there are any existing provisions that should have been retained but appear to have been omitted in the proposed draft MF Regulations?
- d) Whether there are any suggestions on the current three tier structure of the mutual funds i.e. the requirement of a Sponsor, Trustee and AMC?
- e) Whether there is a need to review the provisions relating to disassociation of sponsor from AMC?
- f) Whether there are any specific suggestions on the existing provisions relating to MF Lite?
- g) Whether there are any specific suggestions on the existing provisions relating to governance standards prescribed for Trustees and Board of AMCs.
- h) Whether any system or process changes be required by AMCs, custodians, or registrars to implement the proposed reporting framework effectively?
- i) Whether there are any suggestions on the revised provision relating to "Other Permissible business activities of the asset management company?
- j) Whether the guard rails for enabling relaxation of business activity of the asset management company to provide management and advisory to nonbroad based funds, as specified in the consultation paper dated July 07, 2025, are appropriate? Alternatively, whether trustee oversight may be enhanced to address conflict of interest identified in the said consultation paper?
- k) Whether the provisions on eligibility of sponsor under both Route 1 and Route 2 needs to be reviewed?
