Introduction

In order to prevent banks and other financial institutions from being used as a channel for Money Laundering (ML)/ Terrorist Financing (TF) and to ensure the integrity and stability of the financial system, efforts are continuously being made both internationally and nationally, by way of prescribing various rules and regulations. Internationally, the Financial Action Task Force (FATF), which is an inter-governmental body established in 1989 by the Ministers of its member jurisdictions, sets standards and promotes effective implementation of legal, regulatory and operational measures for combating money laundering, terrorist financing and other related threats to the integrity of the international financial system. India, as a member of FATF, is committed to upholding measures to protect the integrity of the international financial system.

In India, the Prevention of Money-Laundering Act, 2002, and the Prevention of Money-Laundering (Maintenance of Records) Rules, 2005, form the legal framework on Anti-Money Laundering (AML) and Countering the Financing of Terrorism (CFT). The provisions of the PML Act, 2002 and the PML Rules, 2005, as amended from time to time by the Government of India, require Regulated Entities (REs) to follow certain customer identification procedures while undertaking a transaction either by establishing an account-based relationship or otherwise, and to monitor their transactions.

Accordingly, in exercise of the powers conferred by sections 35A of the Banking Regulation Act, 1949, section 10(2) read with section 18 of Payment and Settlement Systems Act 2007 (Act 51 of 2007), section 11(1) of the Foreign Exchange Management Act (FEMA), 1999, Rule 9(14) of the Prevention of Money-Laundering (Maintenance of Records) Rules, 2005, and all other laws enabling the Reserve Bank in this regard, the RBI being satisfied that it is necessary and expedient in the public interest so to do, hereby issues the Directions hereinafter specified.
