Chapter III – Branch Authorisation

A. Area of Operation

8. A UCB may expand its Area of Operation through a resolution passed by the general body and getting the amended bye-laws registered with the Registrar of Co-operative Societies (RCS) / Central Registrar of Co-operative Societies (CRCS). A UCB shall seek prior permission (No Objection Certificate) from RBI for such revision, wherever applicable using the *Pravaah* portal (<https://pravaah.rbi.org.in>).

B. General Permission

9. The general permission of branch expansion in the approved area of operation shall be available to UCBs in all Tiers (except Salary Earners' Banks) which comply with applicable Financially Sound and Well Managed (FSWM) criteria as stipulated below:

- (1) The CRAR shall be at least one percentage point above the minimum CRAR applicable to a UCB as on the reference date;
- (2) Net NPA of not more than three percent;
- (3) Net profit for at least three out of the preceding four years subject to it not having incurred a net loss in the immediate preceding year;
- (4) No default in the maintenance of CRR / SLR during the preceding financial year;
- (5) Sound internal control system with at least two professional directors on the Board;
- (6) Core Banking Solution (CBS) fully implemented; and
- (7) No monetary penalty should have been imposed on the bank on account of violation of RBI directives / guidelines during the last two financial years.

Explanation: A UCB which fulfills the above stated seven norms, is called a 'Financially Sound and Well Managed (FSWM)' UCB.

10. An eligible FSWM UCB shall put in place a policy, approved by its Board of Directors for opening branches. The policy shall be formulated keeping in view the financial health of the UCB, viability study of the new branches and customer service and must be updated periodically to keep it aligned with revised RBI guidelines. The eligible UCB is permitted to open new branches up to 10 percent of the number of full-fledged branches (at the end of previous financial year) in a financial year, subject to a maximum of five branches without having the need to take permission from RBI. However, if the total number of full-fledged branches (at the end of previous financial year) is less than 10, the UCB will be eligible to open at least one branch. Further, the UCB shall ensure that the proposal for opening of such branches in a particular financial year, based on its policy, is duly approved by its Board of Directors. It is clarified that a UCB has the liberty to either open a new branch or upgrade an Extension Counter, which has been in operation for more than three years, to a full-fledged branch, within the overall limit of 10 percent. Opening of Extension counters, Controlling Offices (Regional / Zonal / Administrative Office), ATMs etc. is not covered under this route.
11. A UCB shall report to concerned Regional Office of Department of Regulation (Central Office, in case of UCBs under jurisdiction of Mumbai office) of RBI, immediately and in any case not later than 15 calendar days, after opening of the branch complying with all the rules, as per the format given in [Annex I](#).

C. Authorisation Policy - Eligibility Criteria

12. An FSWM UCB shall be eligible to open branches / extension counters (ECs) in its approved area of operation beyond the current annual ceiling of 10 per cent and upgrade ECs which are in operation for more than three years, provided it has the required headroom capital (prescribed in [Annex VI \(Part 2\)](#)) in terms of assessed net worth (ANW) per branch, including existing branches (methodology given in [Annex VI \(Part 2\)](#)) and subject to fulfilment of the FSWM criteria laid down above. Such FSWM UCB shall maintain a minimum CRAR of 10 per cent on a continuous basis with minimum ANW commensurate with the prevalent entry point capital norms for the centre where branch is proposed / where it is registered. Entry point norms for various categories of UCBs are given in [Annex II](#).

13. A UCB which has been organised as a unit bank and has been extended relaxation in the entry point capital as indicated in [Annex II](#), shall be eligible to open branches only after augmenting its Assessed Net Worth (ANW) to the level required for opening a new general category bank at the place where the bank was organised or where the branch is desired to be opened, whichever is higher. For instance, if a unit bank was organised at a category 'D' centre and it intends to open a branch at a category 'B' centre, such bank's ANW shall necessarily be raised to entry point capital prescribed for organising a general category bank at a category 'B' centre.
14. Similarly, if a UCB, other than a unit bank, desires to open a branch at a higher category centre, other than the centre at which it was established, within the district of its registration, the ANW of the UCB shall at least be equivalent to the entry point capital prescribed for that centre. Illustratively, if a UCB situated at category 'C' centre intends to open a branch at category 'B' centre, in the same district, its ANW shall be equivalent to the entry point capital prescribed for category 'B' centre.
15. However, a UCB which desires to open a branch at a centre, other than its district of registration but within the state of registration, shall have ANW not less than the entry point capital required for organisation of a new general category bank at the highest category centre in that state. Illustratively, if a UCB registered in district 'X' desires to open a branch in district 'Y' within its state of registration, then its ANW shall not be less than the entry point capital required for highest category centre in the state.

C.1 Selection of Centres

16. A UCB, satisfying the FSWM norms stipulated above shall prepare an Annual Business Plan (ABP) for opening of branches (including extension counters) and up-gradation of extension counters into full-fledged branches, in its existing area of operation, for the next 12 months, with the approval of its Board of Directors and submit the ABP along with [Annex III](#), [Annex IV](#), [Annex V \(Part 1\)](#) and [Annex VI](#) to the respective Regional Office of RBI using the PRAVAAH portal (<https://pravaah.rbi.org.in>). The ABP shall be submitted preferably by November of previous financial year and in any case, not later than 15th December of previous financial year. RBI will allocate centres within 90 calendar days of receipt of complete ABP.

17. While there is no requirement of submission of exact location of branch at the time of submission of ABP, a UCB should try to firm up its plans for opening branches at the requested centres well in advance to quicken the process of opening the branches. The UCB may, at its discretion, include the address of their proposed branch in ABP. Strict adherence to timelines indicated above will ensure that all the branches are opened in the same financial year for which the authorisation is obtained.
18. Where a UCB has opened extension counters without complying with the prescribed norms and subsequently approach RBI for up-gradation of the same into full-fledged branches, such UCB shall not be allotted centres unless it closes the unauthorised extension counters. Further, a centre where a UCB has opened an unauthorised extension counter, such a centre would not be considered for opening a branch in future.
19. A Scheduled UCB which comply with the FSWM norms prescribed above may open mobile / satellite offices. Such scheduled UCB which desires to open mobile / satellite offices shall indicate the same in the format as per [Annex V \(Part 1\)](#) enclosed to this Direction along with other centres where it intends to open branches.
20. A UCB need not indicate the exact address of the proposed branch in the ABP but may only indicate the place of business including the name of the town / city within its area of operation, in the order of its preference, where it desires to open branches. The UCB shall choose the centres at which it wishes to open branches after careful consideration of business potential and availability of premises at such centres.
21. A list of centres where the UCB desires to open branches under the ABP shall be indicated in the format as per [Annex V \(Part 1\)](#) enclosed to this Direction, and only one application shall be sent using the *Pravaah* portal (<https://pravaah.rbi.org.in>). A UCB shall not submit statements / annexes, which are not required / called for, but submit only the requisite information / data, along with a certified copy of the latest audited balance sheet (as of 31st March) or a copy of the published Annual Report of the UCB.

C.2 Approval for Centres

22. A UCB which complies with the prescribed FSWM norms shall be allotted centres strictly in the order of preference given by them. Once a centre is allotted, no request for change in the allotted centre shall be entertained.

C.3 Authorisation and its Validity Period

23. A valid authorisation from RBI is required for opening a new place of business including extension counters, off-site ATMs or changing the location of any existing place of business under Section 23 of the BR Act, 1949 (AACS). After making arrangements for opening of branches, the UCB shall approach the Regional Offices of Department of Regulation (using the *Pravaah* portal (<https://pravaah.rbi.org.in>)) within 90 calendar days from date of allocation of centre in the prescribed Form V, indicating the exact postal address of the place where the branch is to be opened, to obtain valid authorisation. RBI will provide authorisation for new branches within 30 calendar days of receipt of complete application.
24. The authorisation will be valid for 180 calendar days from date of issue or 360 calendar days from date of allocation of centre, whichever is earlier. No extension of time will be granted after the expiry of validity period of authorisation. Only in exceptional cases, where the UCB is unable to open the branch for reasons beyond its control, an extension of time not exceeding 180 calendar days may be granted by the concerned Regional Office of Department of Regulation, under advice to Department of Regulation, Central Office.
25. Opening of branches without a valid authorisation from RBI is an act of violation of Section 23 of the BR Act, 1949 (AACS), and liable to attract penalties.
26. In case, the information / particulars furnished by a UCB is found to be incorrect, RBI shall take a serious view in the matter and the UCB will be liable for penal action and / or business restriction, including debarring it from allotment of centres for a period of three years.

Also, the Assessed Net Worth (ANW) of such FSWM UCB shall not be less than the entry point capital norms prescribed for the highest category centre in that district(s), applicable to a new general category bank, as indicated in [Annex II](#). While considering such applications, RBI will give due consideration to system of internal controls prevailing in the UCB and supervisory comfort. The UCB desirous of extending its area of operation to the entire state may approach the

However, Directors of the UCB and their relatives (as defined in the Reserve Bank of India (Urban Co-operative Banks – Credit Facilities) Directions, 2025) as also serving employees of the UCB are not eligible to act as Business Facilitators.

C. Business Correspondent Model: Eligible Entities and Scope of Activities

However, Directors of the UCB and their relatives (as defined in the Reserve Bank of India (Urban Co-operative Banks – Credit Facilities) Directions, 2025) as also serving employees of the UCB are not eligible to act as Business Correspondents. The UCB may also engage companies registered under Section 25 of the Companies Act, 1956 provided that the companies registered under Section 25 are stand-alone entities or Section 25 companies in which NBFCs, banks, telecom companies and other corporate entities or their holding companies do not have equity holdings in excess of 10 per cent. If the UCB in North Eastern Region intend to engage as BCs any other organisation / association not falling under any of the above categories of BCs, they may, after due diligence, approach the Regional Office of RBI at Guwahati for approval. The UCB is also permitted to allow, with suitable and adequate safeguards, the BCs in the North Eastern Region to account for the transactions in its books latest by the end of the second working day from the date of the transaction.

71. In addition to activities listed under the BF Model, the scope of activities to be undertaken by the BCs will include (i) disbursement of small value credit, (ii) recovery of principal / collection of interest (iii) collection of small value deposits (iv) sale of micro insurance / mutual fund products / pension products / other third party products and (v) receipt and delivery of small value remittances / other payment instruments.

The activities to be undertaken by the BCs would be within the normal course of the UCB's banking business but conducted through the entities indicated above at places other than the UCB's premises. Accordingly, in furtherance of the objective of increasing the outreach of the UCBs for micro finance, in public interest, RBI permits a UCB to formulate a scheme.
73. The arrangements with the BCs shall specify:
 - (1) suitable limits on cash holding as also limits on individual customer payments and receipts,
 - (2) the requirement that the transactions are accounted for and reflected in the UCB's books by end of the day or next working day, and

74. With a view to ensuring adequate supervision over the operations and activities of the BCs by the UCB, every BC will be attached to and be under the oversight of a specific branch to be designated as the base branch. The distance between the place of business of a BC and the base branch should not exceed 30 kms in rural, semi-urban and urban areas and 5 kms in metropolitan centres. While engaging BCs, the UCB shall ensure that the area covered by them is strictly within their eligible area of operation.

C.1 Due diligence

75. A UCB shall conduct thorough due diligence of the entities proposed to be appointed as BCs and also institute additional safeguards as may be considered appropriate to minimise the agency risk. The due diligence on entities to be engaged as the Business Facilitator / Correspondent shall factor the key risks and other risks identified of different capacities of entities. Some of the indicative parameters for due diligence of MFIs / other entities while considering agency / funding relationship with them are given below:

(1) NGO / MFI

- (i) Charter and Registration - The foremost would be to examine whether the charter and objectives of the MFI / NGO permit it to undertake the kind of activities proposed, especially if it is some form of financial intermediation.
- (ii) Presence in the area - MFI / NGOs with adequate presence in the area for a reasonable time period would be preferable, as they would have developed better networking and understanding of local conditions.
- (iii) Management and Governance Structure - Many NGO / MFIs are almost solely driven by the founders. It is essential to examine the composition of the governing body of the entity to assess if it can function independent of the promoter and if there is a second tier of management.
- (iv) Manpower Quality and Retention Rates - The quality of manpower from the

perspective of undertaking the new task needs to be assessed. If not available in sufficient number, plans of the MFI / NGO to strengthen their manpower through recruitment and training are to be considered.

- (v) Social vs. Profit Orientation - Often MFI / NGOs are social service oriented, which may hamper undertaking a task like financial intermediation. This needs to be carefully assessed as the two are vastly different competencies.
- (vi) Accounting Systems - The accounting systems and methods need careful study, especially in case the MFI / NGO is being considered for acting as a financial intermediary.
- (vii) Secular and Social Orientation - The MFI / NGOs should preferably be nondiscriminatory on caste, gender, political affiliation and religious lines. While its work could focus of specific groups or communities; it should not have any negative discrimination. The commitment of the entity for catering to the unserved, poor, and disadvantaged sections including women, etc. may be seen.
- (viii) Assessment of Donors Partners and Peers - Assessment of the MFI / NGO by the donors, partners and peers would be a crucial input in assessing the capabilities of the MFI / NGO. This can be obtained from independent discussions with the donors, partners and peers and the government agencies connected with such programmes.
- (ix) Financial Reporting - The financial reporting of the MFI / NGO will indicate both the transparency and compliance to the laws of the land. It is to be seen whether there is consistency in financial reporting to the reporting authority, government, and donors etc.

(2) SHG Federation like Societies under MACS

In case of a federated structure, the strength of the federation would depend on the health of the constituent SHGs, as the financial assets would be with the members of SHGs. Hence, the due diligence parameters would be a little different from a typical MFI. Some parameters for rating a Federation could be as follows:

(i) ***Governance Related***

- The federation should have a system of rating its constituent SHGs at periodic intervals, preferably six monthly. At least 75 percent of the SHGs should be rated on all the defined parameters.
- The federation should be a registered body and have capacity to enter into legal obligations.
- The federation should have a defined area of operation and have only primary SHGs as members.
- The federation should have an elected board which should meet at regular intervals.
- The accounts of the federation should have been audited and placed before the General Body within six months of the closing of the accounting period.
- The federation should have filed all the statutory returns before the appropriate authority.

(ii) ***Finance Related***

- The federation should be in operating profit from the thrift and credit operations.
- The thrift collections at the SHG level should be at least 90 percent of the determined amount.
- The share capital mobilisation should not be in arrears.
- The federation should demonstrate a repayment performance of 90 percent or more on a continuous basis.
- At least 95 percent of the Loan Assets should be in performing category.
- The federation should have made adequate loan loss provisions.
- The federation should have defined exposure norms for individuals and groups.

(3) **Due Diligence in case of other entities**

In case of entities other than MFIs and NGOs, a due diligence may have to be more rigorous. The important aspects which need to be seen are:

- details of incorporation and promoters
- details of management staff including qualifications, experience, other business activities, financial status, etc.
- particulars of employee level expertise
- type of infrastructure available
- financials position
- present business relationships and their status and
- adherence to the various local rules and regulations

76. In engaging intermediaries as BCs, a UCB shall ensure that they are well established, enjoying good reputation and having the confidence of the local people. UCBs may ensure that the individuals engaged as BCs are permanent residents of the area in which they propose to operate as BCs and also include additional safeguards as may be considered appropriate to minimise agency risk. The UCB may give wide publicity in the locality about the intermediary engaged by them as BC and take measures to avoid being misrepresented.

77. In case, the duly appointed BCs of the UCB desire to appoint sub-agents at the grass-root level to render the services of a BC, the UCB shall ensure that : (i) the sub-agents of BCs fulfill all relevant criteria stipulated for BCs in terms of the guidelines; (ii) the BCs appointed by them carry out proper due diligence in respect of the sub-agent to take care of the reputational and other risks involved; and (iii) the distance criterion of 30 kms / 5 kms, as applicable, from the base branch should invariably be fulfilled in the case of all sub-agents. Further, where individuals have been appointed as BCs, they cannot in turn appoint sub-agents.

C2. Service Charges and Payment of Commission / Fees for engagement of Business Correspondents / Business Facilitators

78. To ensure viability of the BC model, a UCB (and not BCs) is permitted to collect reasonable service charges from the customer, in a transparent manner under a

board-approved policy. Considering the profile of the clientele to whom banking services are being delivered through the BC model, the UCB shall ensure that the service charges / fees collected from the customer for delivery of banking services through the BC model are not only fair and reasonable but also seen to be so. A copy of the Board-approved policy in this regard may be forwarded to the concerned Regional Office of RBI. The UCB shall ensure that there are no complaints from the customers about the charges being non-transparent / not reasonable. Any unfair practices adopted by the UCB in this regard would be viewed seriously by RBI.

79. A UCB may pay reasonable commission / fee to the BFs / BCs, the rate and quantum of which may be reviewed periodically. The agreement with the BFs / BCs shall specifically prohibit them from charging any fee to the customers directly for services rendered by them on behalf of the UCB.

C3. Redressal of Grievances in regard to Services rendered by BFs / BCs

80. A UCB shall constitute Grievance Redressal Machinery within the UCB for redressing complaints about services rendered by BFs and BCs and give wide publicity about it through electronic and print media. The name and contact number of designated Grievance Redressal Officer of the UCB shall be widely publicised and also placed in public domain. The details of the grievance redressal officer shall be displayed at the premises of the BC and also at the base branch. The designated officer shall ensure that grievances of customers are redressed promptly.
81. The grievance redressal procedure of a UCB and the time frame fixed for responding to the complaints shall be placed on the UCB's website.
82. If a complainant does not get satisfactory response from a UCB within 30 days from the date of lodging the complaint, the complainant will have the option to approach the RBI Ombudsman (in case the complaint is against Scheduled Primary (Urban) Co-operative Banks and Non-scheduled Primary (Urban) Co-operative Banks with deposit size of ₹50 Crore and above, as on the date of the audited balance sheet of the previous financial year) or the concerned Regional Offices of RBI for redressal of grievances.

C4. Compliance with Know Your Customer (KYC) Norms

83. Compliance with KYC norms will continue to be the responsibility of the UCB. Since the objective is to extend savings and loan facilities to the underprivileged and unbanked population, the UCB may adopt a flexible approach within the parameters of guidelines issued on KYC from time to time. In addition to introduction from any person on whom KYC has been done, the UCB can also rely on certificates of identification issued by the intermediary being used as Business Correspondent, Block Development Officer (BDO), head of Village Panchayat, Post Master of the post office concerned or any other public functionary, known to the UCB.

D. Other terms and conditions for engagement of BFs and BCs

84. As the engagement of intermediaries as BFs / BCs involves significant reputational, legal and operational risks, due consideration shall be given by the UCB to those risks. The UCB should also endeavour to adopt technology-based solutions for managing the risk, besides increasing the outreach in a cost effective manner.
85. The implementation of the BF / BC model shall be monitored closely by controlling authorities of the UCB, who should specifically look into the functioning of BFs / BCs during the course of their periodical visits to the branches.
86. In order to achieve greater penetration of banking service, the UCB may scale up its efforts substantially towards educating its clientele through various means - print, electronic etc., in their respective vernacular languages regarding the benefits of banking habit, the role of the BCs and its obligation towards the customers and give wide publicity about implementation of the BC model by them.
87. Information regarding BCs engaged by the UCB shall be placed on the UCBs' websites. The Annual Report of the UCB shall also include the progress in respect of extending banking services through the BC model and the initiatives taken by the UCB in this regard.

88. For streamlining cash management, the UCB may consider adopting 'Cash Routes' (linking various BCs, which are in close proximity to each other to a base branch) wherever warranted with suitable cash transit insurance.
89. The UCB shall ensure the preservation and protection of the security and confidentiality of the customer information in the custody or possession of the BCs.
90. The UCB may consider bearing the initial set up cost and other costs of the BCs and extend a handholding support to the BCs, at least during the initial stages. The UCB may consider providing reasonable temporary overdrafts to the BCs.

The Director,

Guidelines for Co-operative Banks on the use of CISBI

The Reserve Bank has been using the Master Office File (MOF) system for maintaining the information base on locational and business activity details of all bank branches / offices as reported by banks in terms of extant branch authorisation circulars issued by the regulatory department [i.e., the Department of Regulations (DoR)] in RBI. The Basic Statistical Returns (BSR) codes (Part-I & Part-II) are allotted through the MOF system.

2. Consistent with the needs of branch licencing and financial inclusion policies as well as the need for requisite coverage of additional dimensions/features in a secure manner, the MOF system is replaced by a new web-based 'Central Information System for Banking Infrastructure (CISBI)'. The Bank Branch Statistics Division (BBSD) in the Department of Statistics and Information Management (DSIM), Reserve Bank of India would be the nodal unit for CISBI and would co-ordinate with other RBI Departments, banks, other financial institutions and stakeholders.

3. Under the new system, information related to Bank, Branches, Office, NAIOS, other fixed customer service points (CSPs) (e.g., ATMs, etc.) must be submitted in CISBI. For accessing CISBI, each bank is allotted two types of user IDs: (i) 'Bank Admin ID' and (ii) 'Bank User ID'. RBI(DSIM-BBSD) will create single 'Bank Admin ID' for each bank, who in turn would create multiple 'Bank User IDs'. Banks can update information related to their bank by using 'Bank Admin ID' and can report new branches/offices/NAIOS/CSPs or can report any change in status / address, closure / merger / conversion / relocation / upgradation, etc. of existing branches / offices / NAIOS / CSPs by using both the IDs. However, only 'Bank Admin ID' (and not 'Bank User ID') can make changes in the information related to their Bank.

4. All the co-operative banks have to submit the above information in CISBI which will be validated and published by RBI. For getting 'Bank Admin ID', a bank should provide an authorised email ID on which RBI(DSIM-BBSD) can forward 'Bank Admin ID' and its password in two different emails. A new bank seeking reporting access to CISBI,

should contact RBI(DSIM-BBSD) with a request letter providing details of the bank's nodal person, an email ID for receiving the login credentials and certain basic documents as under:

- a) Certificate of incorporation from the Registrar of Co-operative Societies / Central Registrar of Co-operative Societies.
- b) Licence / Authorisation to carry on banking business from RBI.
- c) A letter of commencement of business in India.
- d) The Press release by RBI regarding commencement of business.
- e) A copy of registered Bye Laws.

5. Based on the documents, as mentioned above, RBI(DSIM-BBSD) will open an account of the bank in CISBI system by filling its 'Basic Details' in the system.

6. System will generate the 'Bank Admin ID' and will automatically send email notification of 'Bank Admin ID' and its Password (in two separate emails) on the designated email ID of the bank.

7. Bank should login on the CISBI portal (<https://cisbi.rbi.org.in>) using its allotted 'Bank Admin ID' and change the allotted password on the first login.

8. Bank should fill all other information pertaining to the bank and submit on the CISBI portal. RBI will validate and publish the information in CISBI.

9. After submission of the complete information related to the bank, CISBI will generate Bank-Code and Bank Working Code.

10. After getting the Bank / Bank Working Code, the bank can create 'Bank User ID' for its internal users. Management of 'Bank User ID' will remain the responsibility of the bank.

11. Banks can submit the information related to their new branch/office/NAIOs/CSPs as per the proforma by login through 'Bank Admin ID' or 'Bank User ID'.

12. For reporting any change in the existing information, banks should edit the existing information and indicate the effective date of change.

13. Banks can also use the facility to access/ download the data relating to them.

14. 'Instructions for Filling Proforma' are given in [Annex XV](#).

15. Banks must reset the password every three months. In case the password expires, or it is forgotten, they can login on CISBI and (a) Use 'Bank Admin ID' to reset the password for Bank User ID' and (b) contact CISBI helpdesk for resetting the password of 'Bank Admin ID'.

16. All the changes will be reflected in the system and accordingly will go in the database only after the approval of RBI.

17. Nil Report: Nil report will show the status of the bank in CISBI, i.e., total number of functioning branches /offices/NAIOs/other fixed customer service points (CSPs) (ATMs etc.) as on last day of the month as well as opened/closed during the month. Report will be generated from CISBI itself and banks will authenticate that the information in CISBI is correct and updated. If a bank finds any difference in the 'Nil Report' generated by CISBI and the actual status, it should first update the information in CISBI, then generate 'Nil Report' and submit it through CISBI. (No hard copy is required).

18. In the last week of every month, co-operative banks shall generate 'NIL Report' for position as on last day of previous month, authenticate it and submit on CISBI. For example, 'NIL Report' for the month of June 2019 shall be generated and submitted in the last week of July 2019.
